

## Nassau County Summer Youth Baseball Program Waiver

The undersigned, being the parent or guardian of the child listed on this form, understands the child must be at least eight (8) years of age for enrollment in the Summer Youth Baseball Program. It is further understood that legal proof of age must be provided for enrollment in this program.

I consent to my child (name) \_\_\_\_\_,s attendance in the Summer Youth Baseball Program. I certify that he/she is in good health, has had a physical examination within the last calendar year, and is able to participate in this program. I (am, am not) attaching a note explaining any special physical or mental limitation (s) and/or medication (s), if any, which would restrict my child from participating in the program. In addition, as parent or legal guardian, I authorize Nassau County Department of Parks, Recreation and Museums ("Parks Department") or one of its staff to obtain medical treatment for my child as may be necessary.

It is hereby agreed that the undersigned, or his or her authorized designee,\* will be present PROMPTLY at the scheduled completion time of each session (12:20p.m. or 8:00 p.m.) of the Summer Youth Baseball Program at which the child is in attendance. The Parks Department cannot accept responsibility to supervise any participants beyond the scheduled completion time, and therefore, it is further understood that the Parks Department reserves the right to restrict any child from future participation if the above conditions are not met.

I understand the risks involved in my child's participation in the Summer Youth Baseball Program. In consideration of my child's attendance and participation in the Summer Youth Baseball Program, and knowing the dangers, hazards and risks, thereof, the undersigned, for themselves, any other parent and child, understands and agrees to RELEASE AND HOLD HARMLESS the County, Parks Department, its agents, officers and employees from any and all liability for injury, illness, whether mental or physical, and damages resulting from my child's attendance and participation in the Summer Youth Baseball Program.

Additionally, the Parks Department reserves the right to dismiss any child whose conduct or behavior is harmful to the best interests of the Summer Youth Baseball Program or other participants. It is understood that if any child causes the Parks Department to believe that the child may cause injury to him/herself or others, the Parks Department will notify the child's parent or guardian immediately and may restrict or dismiss that child from further participation in the Summer Youth Baseball Program.

It is understood that all photography and videography taken at the Summer Youth Baseball Program may be used for promotional purposes.

In the event that this agreement is executed by one parent (or guardian), the undersigned acknowledges that he/she is also acting as the agent of the other parent (or guardian) with authority to enroll his/her child in the Summer Youth Baseball Program and to execute this agreement on his or her behalf. It is understood and agreed that any legal restrictions barring a parent, guardian, or other individual from having contact with the child must be made known to the Summer Youth Baseball Program upon enrollment and prior to attending any Program activities.

A parent or legal guardian must provide advance written authorization in order for the Summer Youth Baseball Program to release the child to any other person than the parent or guardian. No child will be released to any other person other than a parent or guardian without such authorization on file.

I have read the Summer Youth Baseball Program Waiver Form, and understand its terms and accept its conditions.

**Message from County Executive  
Edward P. Mangano**

Dear Friends,

Welcome to the 2012 Nassau County Summer Youth Baseball Program.

We initiated this program as part of our ongoing effort to provide meaningful recreational opportunities for Nassau County's youngsters. It is our hope that the summer baseball program will help youngsters realize their potential for growth and development while gaining instruction in the finer points of our national pastime.

In providing this program, we are fortunate to have a real pro as program director, Michael "Butch" Caulfield. Butch has become an important fixture in the local baseball scene, serving as first assistant coach at New York Institute of Technology's excellent baseball program; hitting coordinator at the popular New York Baseball Academy; and operator of the Butch Caulfield Hitting Academy in Bethpage.

The summer program we have created with Butch's assistance is designed for youngsters of all skill levels and provides instruction in all aspects of the game; it also offers specialty clinics in pitching, catching and defense

I encourage you to take advantage of this terrific program and to make our County parks system a part of a healthful and active lifestyle for the entire family. I wish you a safe, healthy and fun-filled summer.

Sincerely,

Edward P. Mangano  
County Executive
